

A photograph of a swimming pool with a mosaic tile wall and a central fountain. The wall is made of light-colored mosaic tiles with a mix of blue and white tones. A small waterfall flows over the edge of the wall into the pool. In the center of the pool, there is a circular fountain with a single jet of water spraying upwards. The pool deck is made of light-colored concrete. The water in the pool is a deep blue color.

Nuance: true artistry in tile design.

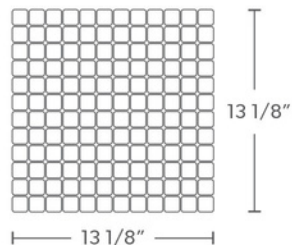

Meticulously hand-painted, *Nuance* offers unique scale and craftsmanship. Inspired by watercolor and alcohol ink paintings, each tile showcases dynamic patterns and color variations that evoke natural elements such as stormy seas and drifting clouds, resulting in a design that is truly unique.

Versatile and durable, *Nuance* is suitable for both indoor and outdoor applications, including pool areas. It's ideal for transforming walls, floors, backsplashes, and water features into vibrant, living canvases. Custom sizes and colors are available for a personalized touch. Minimum order requirements apply for custom orders.

PRODUCT HIGHLIGHTS

- Surpasses industry standards for Freeze/Thaw resistance, Thermal Shock, DCOF and Submerged Applications.
- Engineered specifically for submerged applications, featuring alkali-resistant mesh adhered with non-water-soluble glue for lasting durability.
- Fused back paint ensures effortless application and exceptional bond strength with setting materials.
- Modular design in 1"x 1" & 1"x 2" sizes allows sheets to be easily cut in half along the mesh, creating a standard 6" waterline.
- Hand-painted with the enchanting effect of watercolors, each tile is a unique masterpiece, showcasing delicate brushstrokes and a captivating interplay of colors.
- Features an innovative V-Cap Strip design for enhanced installation versatility.
- Can be precisely cut using a wet saw.

“ Nuance combines premium float glass with artisanal hand painting for a unique and refreshing look. Each tile has distinct color variations and movements, blending artistic charm with the practical benefits of glass, making it a standout feature in any space.”

~ NIGEL EATON, DIRECTOR OF BUSINESS
DEVELOPMENT

Nuance, engineered by glass tile experts, is exceptionally durable and surpasses industry standards, making it ideal for exterior freeze-thaw conditions and submerged applications as specified in ANSI A137.2.

The collection features four colors - Drifting Mist, Indigo, Rainwashed, & Sea Shadows - each inspired by the fluidity of watercolors and the organic swirls of alcohol ink.

Product Details

- Nuance is a fused glass tile with a durable coating on the back of the tile. The coating consists of two layers, the color layer, and a protective white second layer, which are both fused to the back of the tile at a temperature in excess of 1025°F.
- Nuance mosaics and V-Cap Strips are back mounted with an alkali resistant mesh and non-water-soluble glue facilitating successful installation in submerged applications.
- Install per the TCNA Handbook for Ceramic, Glass, and Stone Tile Installation and the vendor pool specific installation instructions.
- Nuance exceeds all industry requirements for use in exterior freeze-thaw environments and submerged applications found in “ANSI A137.2 American National Standard Specifications for Glass Tile.” Nuance has a high slip-resistance performance.
- Nuance can be readily cut on a wet saw with a continuous rim diamond blade designed for cutting glass tile. **DO NOT DRY CUT GLASS TILE WITH A POWER TOOL.**
- Nuance does not need to be sealed.
- Nuance should be cleaned with a pH neutral tile cleaner or alkaline based cleaner.

Test Results

TEST	ASTM C373	ASTM C648	ASTM C650	ASTM C1026	ANSI A137.2 Section 7.7	ANSI 137.2 Section 7.9	ANSI A326.3
	Water Absorption	Breaking Strength	Chemical Resistance	Freeze-Thaw Resistance	Shear Bond Strength	Thermal Shock Resistance	Dynamic Coefficient of Friction
RESULTS	Impervious	> 550 lbf	Class A No sample pieces affected	Pass - 300 cycles	Dry > 150 psi Submerged > 100 psi	Pass - no visible defects	≥ 0.55

Suggested Usage

All tile and natural stone products may vary in color, shade, finish, and size. Upon delivery, inspect the entire tile order prior to commencing tile work. Grout color selection may have an impact on the appearance of the tile. Installation constitutes acceptance. No claims will be accepted after installation.
