REGAL SQUARE

Pietra Visivo Collection

BEYOND CHIC AND SO ORIGINAL!

The Regal Square mosaic is part of a series of dimensional mosaics that offer the most timeless and upscale elements available!

Through a combination of geometric visuals and expert natural stone shading selection, these mosaics are dynamic treats which gently transform as one moves about the space.

Although they are all perfectly flat, the appearance of dimension adds a uniquely provocative element that brings interior design to another level.

TIMELESS MEETS INNOVATION

Although the stone mosaic sheets are perfectly flat, the Lattison mosaic has an appearance of dimensionality. Through a combination of geometric patterns and expert stone-shading selection, the design seems to be unbound by the surface. What you see as you move past the space is a visual dynamic treat that is uniquely provocative.
