Retro Groove Collection

Designed by *Tansu Ciller Ulu*

The Retro Groove Collection reinterprets the groovy, psychedelic glamour of the 1970s and 1980s through a modern, resource-conscious lens. Evoking the vibrant rhythm of iconic cultural epicenters like Studio 54, this line of natural stone mosaics embraces retrospective style with a contemporary approach.

Comprising six geometric patterns *Albert, Glenn, Archie, Ellington, Aloha*, and *Clovis* the collection features bold, symmetrical forms and a harmonious color scheme blending amber yellows, burgundy reds, verdant greens,and understated neutrals. Retro Groove champions circular design by repurposing high-quality natural stone and onyx offcuts, transforming production remnants into striking architectural surfaces while maximizing raw material yield.

The defining characteristic of Retro Groove is its versatility. The Albert and Aloha mosaics offer bold, statement-making designs. The hero pattern, Albert, highlights this craftsmanship by combining light-transmitting Honey Onyx, Snow White, and Red Bordeaux marbles in a multi finish composition. For a softer aesthetic, the Archie and Ellington mosaics provide gentle, neutral tones. Whether adding retro flair to a commercial setting or invoking an artistic atmosphere in a contemporary interior, Retro Groove bridges expressive design with everyday functionality.
