SONOMA STONE

Premium marble and stone tiles
curated by our highly-selective design team.

Each stone is individually chosen
for its supreme craftsmanship,
with natural striations and textures
irresistible to the touch,

We've traveled the world to source
the highest quality, refined natural stones
from Italy, Portugal and Tunisia.

Sonoma Stone is one of the finest,
authentic, and luxurious collections
of stones you will find.

SONOMA STONE

USAGE

Our stones are suitable for all interior residential applications. This includes interior walls, shower walls, and light-use counters and floors. Commercial applications are typically limited to interior vertical applications and some light traffic floors. Tessuto, Gray Flannel and Teakwood are not recommended for any horizontal surfaces where water will accumulate or exterior applications.

For technical information, visit sonomatilemakers.com

VARIATION

Stone is a natural product and no two pieces are ever the same. The patina and color range of each stone is the result of millions of years of geologic change and mineral composition. Sonoma Stones are sourced from the finest suppliers in the world, yet there is no guarantee when it comes to the unique natural variations you will see from piece to piece. There is variation in color, texture, movement and veining that are impossible to show in a photograph or individual piece. Once blended and properly installed, the resulting variation is what defines the unsurpassed beauty of natural stone.
