## Kenneth Ussenko

Kenneth Ussenko Design is an international interior design firm specializing in Hospitality design, Restaurant & Bar design and luxury Residential projects. Originally formed as a production design company focused on the film industry, Ussenko quickly expanded into industrial design, branding and packaging, before focusing on conceptual design for architectural environments. In the past 8 years Kenneth Ussenko and his team has completed a broad spectrum of hospitality projects which include 9 Resort, Spa and Casinos, 12 bars & restaurants and 3 luxury residences. One of the residences was the Gucci Villa in Southern California which won Kenneth Ussenko an international design award in London in 2022.

Ussenko's film industry background and his passion for storytelling informs a constant principle in all of his designs: every design decision - every wall, every chair, every doorway - has a story.

From mansions for Qatar royalty, to luxury resorts in Belize, to some of Southern California's hottest restaurants, Ussenko and his team has a reputation for beautiful, high-quality designs that bring his client's stories to life. With a great respect for artisans and an appreciation for history, his designs capture the classical essence, patina and craftsmanship of a bygone era, juxtaposed with contemporary glamour.
